The Office of U.S. Senator Cory A. Booker Presents:

NEW JERSEY VETERANS HANDBOOK

**"WE WHO DARE TO CALL
OURSELVES AMERICANS,
AND TO PLEDGE ALLEGIANCE
TO THE FLAG, CANNOT DO SO
UNLESS WE GIVE HONOR TO
THOSE PEOPLE WHO HAVE
MADE THE ULTIMATE OF
SACRIFICES FOR OUR
FREEDOMS AND FOR OUR
LIBERTY."**

-SENATOR CORY A. BOOKER

DEAR VETERAN,

I am honored to represent you in the United States Senate and I will never stop working to ensure you receive the recognition and benefits you deserve. Caring for our nation's veterans and their families is one of our nation's most sacred responsibilities, one that must be upheld not just on Veterans Day, but every day of the year.

Since I was elected to the Senate, I have met with many New Jersey veterans like you. I know that navigating the process of transitioning from military to civilian life is often challenging and overly bureaucratic. In addition, receiving specialized healthcare is often too difficult, and accessing information on employment, housing or education benefits can be overly complicated.

I developed this guidebook to help consolidate the information New Jersey veterans and their families need to enable you to care for your families, fulfill your greatest aspirations, and live your healthiest lives. My office is always open to you and I encourage you to use this guidebook as one of the many resources available to assist you.

In President Harry S. Truman's first address to Congress in 1945, he stated -

Our debt to the heroic men and valiant women in the service of our country can never be repaid. They have earned our undying gratitude. America will never forget their sacrifices. Because of these sacrifices, the dawn of justice and freedom throughout the world slowly casts its gleam across the horizon.

As your United States Senator, I am committed to fighting for the programs and benefits upon which our service members depend. While we can never repay the immeasurable debt that we owe our veterans, we must always endeavor to honor your service and sacrifice.

A stylized, handwritten signature in black ink, appearing to read 'C. Booker'.

Cory A. Booker
United States Senator

- Adds 20+ more presumptive conditions for burn pits, Agent Orange, and other toxic exposures
- Adds more presumptive-exposure locations for Agent Orange and radiation
- Requires VA to provide a toxic exposure screening to every Veteran enrolled in VA health care
- Helps the VA improve research, staff education, and treatment related to toxic exposures

If you're a Veteran or survivor, you can file claims now to apply for PACT Act-related benefits.

For more information, visit <https://www.va.gov/resources/the-pact-act-and-your-va-benefits/>

THE VA MISSION ACT

Since taking effect in June 2019, the MISSION Act replaced the VA Choice Act as the primary set of regulations that govern how veterans receive VA care. The MISSION Act gives Veterans greater access to health care in VA facilities and the community, expands benefits for caregivers, and improves the VA's ability to recruit and retain quality medical providers.

Under the Veterans Community Care Program, Veterans can work with their VA health care provider or other VA staff to see if they are eligible to receive community care based on new criteria. Eligibility for community care does not require a Veteran to receive that care in the community; Veterans can still choose to have VA provide their care. Veterans may elect to receive care in the community if they meet any of the following six eligibility criteria:

- VA has determined that a VA medical service line is not providing care in a manner that complies with VA's standards for quality based on specific conditions.
- The Veteran and the referring clinician agree it is in the best medical interest of the Veteran to receive community care based on defined factors.
- 28 days for specialty care from the date of request, unless the Veteran agrees to a later date in consultation with his or her VA health care provider.
- 20 days from the date of request for primary care, mental health care and noninstitutional extended care services, unless the Veteran agrees to a later date in consultation with his or her VA health care provider.
- Appointment wait time at a specific VA medical facility, or drive time to a specific VA medical facility.
- A Veteran lives in a U.S. state or territory without a full-service VA medical facility.
- A Veteran needs a service not available at any VA medical facility.

CAREGIVER SUPPORT LINE

The U.S. Department of Veterans Affairs

Department of Veterans Affairs Caregiver Support Line

1 (855) 260-3274

When veterans return home from their military service, many return with scars and wounds, both seen and unseen. We thank them for their service and call them heroes, but we sometimes forget the ones who will continue to be by their side, the military caregivers. These caregivers are often their mothers and fathers, sons and daughters, brothers and sisters, friends and colleagues. They give their blood, sweat, and tears, and devote substantial amounts of time and money to care for their loved ones. These sacrifices should not go unnoticed. The Department of Veteran Affairs Caregiver support line offers immediate assistance and information about their various caregiver programs. The line is staffed by licensed professionals who can provide you with information about caregiver programs, assist you in accessing those programs, help you locate the nearest Caregiver Support Coordinator, and more.

CAREGIVER SERVICES

Some of the services you and your loved ones may be eligible for include:

Adult Day Health Care Centers:

Adult Day Health Care provides the veteran with the services they need while giving them the opportunity to participate in activities and socialize.

Home Based Primary Care:

Under this program, the veteran is provided with routine health care services in their home when it is difficult to transport the veteran due to their medical issues.

Skilled Home Care:

This program engages medical professionals to provide services to homebound veterans. This program is similar to the previously mentioned Home-Based Primary Care; however, the VA purchases care for a Veteran from a licensed non-VA medical professional.

Home TeleHealth:

Because it can be difficult to take the veteran to the VA for assistance, the home telehealth program allows for the veteran and caregiver to have access to a care coordinator.

CAREGIVER SERVICES

Homemaker & Home Health Aide Program:

This program is for Veterans who need skilled services, case management and help with activities of daily living. A Homemaker or Home Health Aide can be used as a part of an alternative to nursing home care, and as a way to get Respite Care at home for Veterans and their family caregiver.

Caregivers are eligible for 30 days of respite care a year.

Home Hospice Care:

An interdisciplinary team from a local community hospice agency will be available 24/7 to provide services to you and the veteran in your home during this difficult time.

This is a free six-week interactive online workshop provided to family caregivers. VETERAN EDUCATION

FEDERAL EDUCATION BENEFITS

Administered by the U.S. Department of Veterans Affairs

Montgomery GI Bill - Active Duty (MGIB-AD):

Service members who pay \$100 per month for 12 months or a lump sum payment of \$1200 are entitled to receive a monthly education benefit once they have completed a minimum service obligation. Additionally, individuals may contribute \$600 to the Buy-Up program in order to increase their monthly benefit. New inductees are still eligible and may elect to receive MGIB-AD benefits rather than Post-9/11 GI Bill benefits. However, beneficiary numbers for this GI Bill have been exceeded by those in the Post-9/11 GI Bill.

Post 9/11 GI Bill:

The Post 9/11 GI Bill is an education program for those service members who served on active duty after 10 September 2001. Those eligible will receive up to 36 months of coverage over a period of no more than 15 years from the last period of active duty. The Post 9/11 GI Bill will cover all in-state tuition for public schools along with a basic allowance for housing (BAH) equal to no more than that of an E-5 with dependents. The BAH is based upon the zip code the school falls in. The monthly housing allowance for attendance at foreign institutions is up to the national average of the E-5 with dependents BAH, reduced according to the length of time served on active duty and the individual's enrollment rate.

FEDERAL EDUCATION BENEFITS

Administered by the U.S. Department of Veterans Affairs

Yellow Ribbon Program:

Since the Post 9/11 GI Bill may not cover the entire out of state and private schools tuition, the Yellow Ribbon Program was created to fill that gap for eligible veterans and transferees at the 100% benefit level. Institutions who participate voluntarily enter into an agreement with the VA, in which the VA will match each dollar of unmet charges that the participating school agrees to contribute.

Marine Gunnery Sergeant John David Fry Scholarship:

This scholarship provides Post 9/11 GI Bill benefits to the surviving children and spouses of servicemen and women who died in the line of duty while on active duty after 10 September 2001. The scholarship provides those eligible with 100 percent of the benefits for up to 36 months.

Veteran Educational Assistance Program (VEAP):

VEAP is a voluntary program that is available if the service member elected to contribute to this educational benefit from his/her military pay during the initial tour on or after January 1, 1977, and before July 1, 1985. The government will match the contributions on a 2-for-1 basis and may include an additional DOD contribution. Survivors' and Dependents' Educational Assistance Program (DEA):

Montgomery GI Bill - Selected Reserve (MGIB-SR):

MGIB-SR is a program available to individuals serving in the Selected Reserve, including the National Guard, who enlist for a six year service obligation. INCARCERATION AND RE-ENTRY

INCARCERATED VETERANS

Compensation and Pension Benefits for Incarcerated Veterans:

Federal law requires that the compensation and pension benefits for veterans who are incarcerated for more than 60 days are to be reduced. If a veteran disability rating is 20 percent service-connected or more then the Veterans Benefits Administration (VBA) reduces the payment to the 10 percent rate. Additionally, if the veteran is at the 10 percent service-connected rating then the VBA reduces the payment by one half. The VBA will discontinue pension benefits for veterans who are convicted of a felony or misdemeanor.

It is imperative that veterans notify the VA upon incarceration as to avoid overpayment and indebtedness to the U.S. Government. Once the veteran is released, the VBA can restore the veteran's compensation and pension benefits.

Health Care for Re-entry Veterans (HCRV) Program:

The Program provides outreach and re-entry planning to eligible veterans who are within six months of release. The program educates veterans about available services and benefits, as well as provides transition planning and case management. Contact a counselor in the DOC Office of Transitional Services to set up an appointment with a VA HCRV Specialist, or if possible contact the HCRV Specialist directly.
