Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
Borough of Bogota	The Borough of Bogota is requesting funding to purchase comptable accessories necessary to replace our damaged two-way-radio system.	Bergen NJ	\$255
Borough of Manville	To expand and upgrade emergency siren technology in Manville to further public safety.	Somerset NJ	\$208
Borough of Woodcliff Lake	The purpose of the project is to install security cameras at various locations throughout the Borough, including the Tice Senior Center and the Department of Public Works. There were 22 total crimes reported in Woodcliff Lake, New Jersey in 2020. There are seven crime categories used to track crime throughout the country, three property crime categories: larceny, burglary, motor vehicle theft, and four violent crime categories: aggravated assault, robbery, rape, and murder. In 2020, there were 15 larcenies, 3 burglaries, 3 motor vehicle thefts, and 1 aggravated assault in the Borough of Woodcliff Lake, New Jersey. Installing security cameras at Tice Senior Center and the Department of Works is a good use of taxpayer funds because it will protect our most vulnerable populations, such as seniors, from crime experienced within our Borough.	Bergen NJ	\$219
Burlington County	For the installation of bidirectional amplifiers to improve emergency communications.	Burlington NJ	\$1,200
Camden Center for Youth Development, Inc.	to provide Community Coach Mentors (Credible Messenger), specific assistance and transportation services for at-risk or justice involved youth	Camden NJ	\$324
City of Englewood	To address significant equipment and infrastructure issues that exist within the Englewood Public Safety Division that pose safety, privacy, and interoperability issues.	Bergen NJ	\$1,800
City of Union City	To replace the Department's City-wide communications system which is now obsolete and vulnerable to system outages and security attacks.	Hudson NJ	\$1,200
Georgian Court University	For costs to improve campus safety & security technology.	Ocean NJ	\$763
Inspira Health Network	To purchase equipment and expand and enhance services that will impact youth directly and positively in Bridgeton, Millville, Vineland and surrounding communities in order to prevent community youth violence.	Cumberland NJ	\$1,000

Legal Assistance for Low-Income Victims of Crime	To provide free legal counsel and representation to low-income victims of crime. This will further Women's Rights Information Center's (WRIC) mission to provide knowledge and opportunities to support the economic aspirations, self-sufficiency, and emotional well-being of individuals so they may live with hope, security, and dignity.	Bergen, Hudson, Passaic NJ	\$255
Monmouth University	To investigate impacts of climate related environmental change on marine habitats and living marine resources around the Sandy Hook peninsula (Sandy Hook Bay, Raritan Bay, Lower New York Harbor) to promote more vibrant and sustainable commercial and recreational fisheries.	Middlesex, Monmouth NJ	\$500
New Jersey Coalition to End Domestic Violence	To assist survivors of domestic violence who are marginalized due to culture, language, financial or other means with hiring an attorney in domestic violence related custody and divorce matters.	Atlantic NJ	\$500
NJ Chamber of Commerce Foundation	"To ensure that New Jersey students who have a high risk of dropping out of school graduate from high school prepared for the challenges of post-secondary education and the workforce in order to break the cycle of poverty and avoid entrance into the corrections system so that they may become productive, contributing members of their communities. The Jobs for America's Graduates New Jersey (JAG NJ) program has a 10-year track record of success in transforming the lives of young adults who are at a high risk of dropping out of school, or who have already dropped out, and utilizes data collection, innovative technology and a nationally successful model to achieve consistent graduation rates of 93% to 100% in NJ high schools that have graduation rates of 36% to 88%."	Atlantic, Cumberland, Essex, Middlesex, Ocean, Passaic NJ	\$500
NJCASA Accessibility Capacity Building Project	For operating costs to expand accessibility capabilities in order to better serve sexual violence survivors with marginalized identities across New Jersey (NJ), including but not limited to survivors of color, LGBTQ+ survivors, survivors with disabilities, deaf/hard of hearing (DHH) survivors, and linguistically diverse survivors. Recommended accommodations that will be made available through this project include but are not limited to: closed captioning, American Sign Language (ASL), translation/transcreation services, assistive technology, revision of policies and program materials (e.g., intake forms), and cultural humility training and workshops.	Atlantic, Bergen, Burlington, Camden, Cape May, Cumberland, Essex, Gloucester, Hudson, Hunterdon, Mercer, Middlesex, Monmouth, Morris, Ocean, Passaic, Salem, Somerset, Sussex, Union,	\$445
North Hudson Regional Fire & Rescue	To acquire a new 40 foot Interceptor Patrol boat to replace our existing 27 foot vessel which is more than a decade old, past its useful life, and not designed for the type of waterway we patrol (Hudson River). This investment would enhance our ability to respond to emergencies in the Port involving fire, ice and cold water rescue and communications with Port partners and would be used as a first responder in the Port of New York and New Jersey, for regular patrols, and for training missions including USCG approved training and exercises.	Bergen, Essex, Hudson, Middlesex, Union NJ	\$700

Robbinsville Township Police Department	To purchase a Traffic Message Board for OEM and Traffic Calming.	Mercer NJ	\$20
Rutgers University-New Brunswick	To procure two state-of-the-art hurricane gliders to be dedicated to deployments along the New Jersey coast throughout hurricane season. These two gliders would support more accurate hurricane intensity forecasts for New Jersey and the Mid-Atlantic Region.	Atlantic, Cape May, Cumberland, Hudson, Middlesex, Monmouth, Ocean, Salem NJ	\$600
Rutgers University-Newark	To support creation of a one-stop reentry, education, workforce, business development and community hub for justice impacted youth and people re-entering our community from incarceration.	Essex NJ	\$500
Salvation and Social Justice	To reduce gun violence that is killing our children in Trenton, New Jersey. On March 25, 2022, a 9-year-old girl was killed in front of the Kingsburg housing complex in Trenton, New Jersey. This tragic death is one of far too many senseless deaths in the city. In 2020, Trenton– with a population of 90,871 experienced 40 homicides, surpassing its deadliest year on record in 2013. And, to provide Community Led First Response team to the community.	Mercer NJ	\$550
Seton Hall University	To assist in re-entry efforts by increasing accessibility to relief from criminal records for people upon release from incarceration who face barriers to reintegration into the community. This initiative would help people in Newark and Essex County re-entering the community after incarceration to address legal issues related to their ability to secure a job, health care, housing, and other essential aspects of life upon reentry.	Essex NJ	\$632
Stockton University	For siting a Coastal Resilience and Maritime Workforce Development Center in Atlantic City to support research and training in alternate energy, coastal resilience and maritime safety.	Atlantic NJ	\$2,700
The Town of Harrison	For the complete improvement of our overall communications capabilities for our public safety providers.	Hudson NJ	\$563
Town of Newton	To purchase and install upgraded, interoperable 911 emergency communications response systems in Newton, Andover, Hardyston, and Sparta that will enhance public safety operations and save lives.	Sussex NJ	\$1,334
Township of South Hackensack	To replace the outdated communications/radio system utilized by the South Hackensack Police Department (SHPD).	Bergen NJ	\$210

With the proposed support, TESU would be able to enhance and expedite the means by which students acquire basic skills in the field of nursing by providing them with virtual simulation exercises and activities that are both hands-on and experience-based, yet cost-effective and scalable for the University. These experiences and activities will be combined with TESU's exceptional curriculum design, learner experience, and rigorous assessment methodologies to ensure that students are acquiring the necessary skills and competencies that are needed to be competitive in today's field of nursing. TESU will accomplish this through two primary means: virtual reality (VR) experiences and simulation experiences. TESU will invest \$100,000 to recruit and support students entering into the nursing education field.	Bergen, Camden, Essex, Mercer, Middlesex, Union NJ	\$460

Township of Hopewell	To replace a synthetic turf field consisting of removing and disposal of existing worn synthetic turf and installing a 2 layer, 2", cool play surface. Soccer, boys lacrosse, girls lacrosse, and field hockey markings will be inlaid into the field. A synthetic turf field is a versatile, resilient, and durable playing surface that is the answer to the overuse and high maintenance of township grass fields. With many towns building new neighborhoods to house their ever-growing populations or saving the green space they currently have; a turf field is able to accommodate a multitude of sports and activities while preserving excellent playing conditions. One single field is able to be the "home turf" for football, soccer, field hockey and lacrosse, not to mention other recreational sports like kickball leagues, ultimate frisbee and rugby. Turf fields also allow groups and	Mercer NJ	\$800

teams to play in many types of weather conditions. Rain, sleet, snow, or sunshine, as long as you can withstand the temperatures, the game is always ON. The turf field cannot be damaged by adverse weather or overuse. The fields are manufactured and built to withstand year-round, daily activity. Many children and teens had a year of athletics and activities "stolen" from them due to Covid. These kids are eager and ready to get back out on the field. Grass fields will not be able to withstand all the additional use or furnish a safe playing environment for them.

Tri-County Community Action Agency Inc.	to expand the Gateway Wellness Center's community-based services by providing outpatient treatment, school-based services, prevention programming and recovery treatment. Requested funding would be used to strengthen and expand services currently being provided through the wellness center at locations throughout Atlantic, Camden, Cape May, Cumberland, Salem, and Gloucester Counties.	Atlantic, Camden, Cape May, Cumberland, Gloucester, Salem NJ	\$350
Unified Vailsburg Services Organization	To make one-time equipment investments and seed the hiring of key personnel in order to create a meaningful inter-generational ecosystem that will allow seniors, children and teens to support each other socially, academically, culturally, emotionally, psychologically, physically, recreationally, and otherwise. This pilot will be supported by public and private resources beyond this proposed infusion of federal discretionary support and will, therefore, be sustainable should this particular funding not be available after this round. Existing funding from State and private sources and in-kind support from the County of Essex help to underwrite the cost of this initiative. The requested discretionary funds will help to acquire critically-needed items as well as formalize the initiative by hiring key personnel whose compensation will be secured by other sources moving forward.	Essex NJ	\$448
Union County, New Jersey	To enhance Union County's mental health and recovery support programs by offering more staff development opportunities and expanding peer-to-peer, intensive case management, community-based case management, harm reduction, and other intervention models. Borough of Moonachie	To repair the Moonachie Civic Center. The Borough of Moonachie's Civic Center is a vital community facility located immediately adjacent to Joseph Street Park in Bergen County, NJ.	Bergen NJ	\$1,550
Boys & Girls Clubs of Lower Bergen County	For needed repairs and renovations to the indoor aquatic center at the Boys & Girls Club of Lodi, originally built in 1969, which is utilized by hundreds of children and teens daily, and thousands monthly, for both swim lessons, open swimming, and competitive swim meets, in addition to children with special needs from the South Bergen Jointure Commission and adults with special needs from the Felician School for Exceptional Children's and Over program, who reside in our building and also utilize the pool throughout the week.	Bergen NJ	\$1,100
Borough of Oakland	For the superstructure replacement of Patriot's Way Bridge in the Borough of Oakland.	Bergen NJ	\$2,400
Borough of Glen Rock	The purpose of this project is to replace the existing elevator in the Glen Rock Public Library with one that is ADA compliant. If awarded funding, this project will help to improve the mobility of underserved populations, including senior citizens, individuals with disabilities, and adults accompanying young children in strollers. Making the lower level of the library building safe and accessible for all users is crucial. As the Library only has one elevator that is not currently ADA compliant, these underserved populations have difficulty accessing the basement of the library.	Bergen NJ	\$473

Borough of Bergenfield	To complete a wide range of improvements to Cooper's Pond that will renovate and expand upon the existing park infrastructure.	Borough of Bergenfield NJ	\$1,000

Borough of Freehold	For the development and renovation of the 100-year-old Freehold Fire Department's Firehouse, which will become My Hometown: The Bruce Springsteen Story Center.	Borough of Freehold NJ	\$2,000
Borough of Hopatcong	To complete capital infrastructure improvements and renovations to all municipal parks located in the Borough of Hopatcong.	Borough of Hopatcong NJ	\$1,200
Borough of Lodi	To purchase a Senior Transportation bus.	Borough of Lodi NJ	\$100
Borough of Penns Grove	For the purchase of Splash Pad equipment, and for the installation of features, to address a recreational deficit within the community. This recreational project will foster the growth and development of youth and adolescents and improve their mental and physical health while reducing inequity in an underserved area.	Borough of Penns Grove NJ	\$266
Borough of Ridgefield	To complete improvements such as milling, paving, and resurfacing of several roadways and a parking lot in Ridgefield.	Borough of Ridgefield NJ	\$500
Borough of Totowa	The purpose of this project is to replace the synthetic turf on the two Linco In Fields at the PAL Fields Complex. By completing the PAL Fields Synthetic Turf Project, additional recreational activities can be held, ensuring opportunities are available to help teach and encourage a healthy lifestyle for all. The Borough believes this project will improve public health conditions and benefit traditionally underserved populations within the community, and as such will be a worthwhile investment of taxpayer dollars.	Borough of Totowa NJ	\$1,300
Food Bank of South Jersey	For the 59,000 children, seniors, families, and individuals we serve monthly, we distribute nearly 18 million pounds of food annually. We seek to reduce our carbon footprint across a four-county service area by using clean energy solutions with a fleet of hybrid delivery trucks and service vehicles, helping efforts to fight climate change in our region.	Burlington, Camden, Gloucester, Salem NJ	\$970
Food Bank of South Jersey	The work of the Camden Food Security Collective seeks to go beyond addressing one of the most fundamental human needs, which is having food, to tackling the ramifications of poverty-induced food insecurity and ushering in a new narrative of a thriving, stable community with access to ample healthy, nutritious foods. Led by co-backbone partners, Camden Coalition and FBSJ, the Camden Food Security Collective is a coordinated community that fosters food security through structural equity and seeks to engage a broad set of stakeholders to address the upstream causes of food security in Camden and create equitable, lasting	Camden NJ	\$500

solutions for food security in Camden by 2031.

Camden Fireworks	For operating costs to start up a professional development program for emerging artists and artists of color.	Camden NJ	\$180

New Jersey Performing Arts Center	For construction of a new 53,000 square foot arts education and community center on New Jersey Performing Arts Center's campus in Newark that will be a home for arts training for students, professional development for educators, space and resources for artists to create new performance work, and free community arts programs.	Essex NJ	\$1,000
Newark public Library	To construct a historical, cultural and workforce readiness resource reflecting the contributions of New Jersey's Hispanic or LatinX community within the Newark Public Library. The New Jersey Hispanic Research and Information Center (HRIC) will be a statewide repository and consist of three components: The Puerto Rican Community Archives, the Hispanic Reference Collection, and La Sala Hispanoamericana - New Jersey's largest in-language library for Spanish speakers.	Essex NJ	\$1,000

Domus Corporation	for the construction of 25-units of affordable, permanent housing that will be offered to veterans and veterans with families who are homeless, indigent, and/or at-risk of homelessness. The building's units, including 19 one-bedroom and six two-bedroom units, will be ADA-compliant, and a common space/ community room will be available to residents for recreational use and special events, as well as provide a place for outside social service agencies to provide outreach and supportive services to the residents.	Essex NJ	\$500
Newark Public Radio	"Newark Public Radio (WBGO) will undertake badly needed repairs to its studio and offices. The façade is badly deteriorated, compromising the integrity of the building's interior and exterior. Funding will support renovations on the façade of our downtown Newark offices, an 80+ year old building, prioritizing areas great wear at highest risk of failure. Repairs include spot pointing of bricks, shoring up of the chimney, replacing of coping and a cracked slab, among other repairs. Beyond preserving the building, and lessening the inevitability of future failures, the repairs will prevent the public safety issue of having cracked materials at the top elevation of the wall facing a highly trafficked sidewalk. The work will allow WBGO to continue to welcome local residents, providing a needed public service, reaching an audience of 250,000 individuals each week."	Essex NJ	\$1,000
