Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
New Jersey Coalition to End Domestic Violence (NJCEDV)	To support the Legal Access Representation Project through personnel, survivor legal assistance, and indirect funding.	All (Statewide) NJ	\$700
The New Jersey Coalition Against Sexual Assault	For the creation and implementation of a vicarious trauma mitigation program that will help better serve survivors of sexual violence across New Jersey through the implementation of support measures tailored to meet the needs of the providers who serve them.	All (Statewide) NJ	\$300
Jewish Federations of New Jersey	To work with Law Enforcement agencies to aggregate and disseminate intelligence, improve training, and maximize efficiency and community buy-in to prevent biased incidents and other emergencies.	All (Statewide) NJ	\$500
Stevens Institute of Technology	To create a high-resolution, multi-platform, rapidly deployable, coastal extreme event observing system.	All (Statewide) NJ	\$900
Stockton University	This funding will be used to design, implement, and research a coastal resiliency project to demonstrate sustainable resilient practices in waterfront re-development at a public academic research facility.	Atlantic NJ	\$1,195
Township of Belleville	For the purchase of automatic license plate readers.	Belleville NJ	\$447
Women's Rights Information Center	To provide free legal counsel and representation to low-income victims of crime.	Bergen Hudson Passaic NJ	\$330
Bergenfield	To replace aging communications equipment utilized for 911 dispatch services and portable radios used by the Borough's emergency services.	Bergenfield NJ	\$1,000
Borough of Paramus	To improve the Borough's radio communications equipment and 911 infrastructure.	Borough of Paramus NJ	\$2,000
Borough of Woodcliff Lake	To install security cameras at various locations throughout the Borough, including the Tice Senior Center and the Department of Public Works.	Borough of Woodcliff Lake NJ	\$219
Burlington County Central Communications	To replace the current system with the VESTA NG9-1-1 Call Handling System.	Burlington County NJ	\$2,100
STEM for Service	For STEM education for military families	Burlington; Mercer; Monmouth; Ocean NJ	\$812
County of Camden	For critical technology infrastructure upgrades for the Camden County Police Department.	Camden NJ	\$5,000
City of Rahway	To install CCTV cameras throughout the City of Rahway.	City of Rahway NJ	\$5,000
County of Salem	For antiquated radio upgrade from 500mghz to 700mghz.	County of Salem NJ	\$16,500
American Littoral Society	For the creation of 18 hybrid breakwater structures across Northwest Reach and along the eastern edge of the Mouth of the Maurice River to prevent further erosion by currents along the shoreline.	Cumberland NJ	\$3,000
Township of Hopewell	To provide fiber-optic buildout to residences, farmers and businesses in areas of the Township where none exists. This lack of availability is due to rural make-up of community which makes expansion not economically feasible for the current provider.	Cumberland NJ	\$821

Rutgers University-Newark	To identify, prepare, and occupy a location for the RE-OPEN physical hub and to purchase the material needed to outfit the RE-OPEN community hub with technology to support training, professional development, and career placement.	Essex NJ	\$1,000
Borough of Garwood	To provide first responders with upgraded radio equipment.	Garwood, Union County NJ	\$400
Gloucester City Police Department	For purchase and installation of security cameras and technology upgrade.	Gloucester City NJ	\$800
City of Linden	Funding will be utilized to purchase seven essential police vehicles.	Linden NJ	\$355
Ramapo College of New Jersey	Purchase equipment and implement systems to enhance the security and safety of students, upgrade critical systems required to facilitate rapid and effective integration of first responders during emergency events.	Mahwah NJ	\$6,779
Rider University	For the procurement of equipment and technology to support STEM educational activities and are in alignment with NIST's mission to support national manufacturing networks and workforce development including biomanufacturing and pharmaceuticals.	Mercer NJ	\$750
Township of Old Bridge	To purchase and install upgraded technology for the Old Bridge Police Department, including interoperable emergency communications equipment to enhance public safety operations.	Middlesex NJ	\$1,302
Township of Marlboro	For the upgrades of emergency communications infrastructure and dispatching service.	Monmouth NJ	\$930
180, Turning Lives Around, Inc.	To expand services to survivors of domestic violence and sexual assault in Monmouth County.	Monmouth County NJ	\$750
Borough of Mount Arlington	To purchase security cameras and automated license plate readers to improve safety in Mount Arlington.	Morris NJ	\$277
New Jersey Institute of Technology	To design and fabricate a Ground-based Simulator for In-space Refueling Cryogenic Propellants to establish sustainable space travel and prepare the space workforce for the future.	Newark 07102 NJ	\$566
Pine Beach Volunteer Fire Co No 1	For new portable and mobile radios for compatibility with new county integrated central communications system.	Ocean NJ	\$85
Georgian Court University	To purchase Blue Light Emergency Phones for the safety and security of students, staff, faculty, and visitors to Georgian Court University's campus.	Ocean NJ	\$300
Bergen County Community College	For the Cybergen Tech Center at Bergen Community College.	Paramus NJ	\$400
Jewish Federation of Northern New Jersey	To combat the increasing levels of antisemitism through an expansion of current anti-bias programming to reach more of the broader local Jewish and non-Jewish communities with a focus on education, advocacy, security, incident reporting, and network-building.	Passaic, Bergen, Hudson NJ	\$100
Seton Hall University	Scientific Research Equipment for Investigation of interactions between plasmas and emerging semiconductor materials	South Orange NJ	\$1,200
Township of Monroe	To install a security camera system and access control system in for the municipal court and greater municipal building in the Township of Monroe, New Jersey.	Township of Monroe NJ	\$167
City of Trenton	To provide casework to high-risk mentees, intervene and mediate conflicts between individual and rival group involved youth in the Trenton neighborhoods via Safe passage and High-Risk Intervention.	Trenton NJ	\$800

Monmouth University	To provide training for law enforcement agencies on incorporating social workers into their units and to begin to document through research studies the outcomes of these collaborations.	West Long Branch NJ	\$196
Monmouth University	To restore NJ coastal lakes along the Jersey Shore.	West Long Branch NJ	\$626

Borough of Carteret	For the demolition of two abandoned residential structures and the construction of a bioretention facility along Bergen Street.	Borough of Carteret NJ	\$1,382
Borough of Fair Lawn	To stop the corrosion of the existing pipe and reinforce the stability of the trunk line extending from Saddle River Road pump station to South Siphon pump station.	Borough of Fair Lawn NJ	\$713
Borough of Freehold	For cleaning and resealing the Borough's two water tanks to ensure the storage and distribution of safe, reliable drinking water.	Borough of Freehold NJ	\$2,500
Borough of Lodi	To increase sewer infrastructure capacity by constructing a parallel relief sewer between the manholes in the project area.	Borough of Lodi NJ	\$845
Borough of Milltown	To provide for reliable wastewater conveyance from the Borough of Milltown to the receiving Wastewater Treatment Plant and to reduce the potential for breaks and leaks which will threaten nearby potable water supply sources.	Borough of Milltown NJ	\$17,600
Borough of Oradell	For vital improvements to ensure the continued usability and historic preservation of Oradell Railroad Station.	Borough of Oradell NJ	\$900
Borough of Prospect Park	For the replacement of 7,000 linear feet of clay sewer pipe with PVC sanitary sewer pipe and roadway improvements as needed.	Borough of Prospect Park NJ	\$2,700
Borough of Swedesboro	To Decommission and Demolish the existing Swedesboro Sanitary Sewer Treatment Plant.	Borough of Swedesboro NJ	\$320
Borough of Swedesboro	"To replace the aging Swedesboro wastewater treatment plant with a new pump station to discharge sewerage to the Gloucester County Utilities Authority."	Borough of Swedesboro NJ	\$2,480
Borough of Woodland Park	For the purpose of upgrading the equipment and systems of the Browertown Road Water Booster Station	Borough of Woodland Park NJ	\$813
Bradley Beach	To improve the aging an failing sanitary sewer system in Bradley Beach. This will be in phase 3 of this project.	Bradley Beach NJ	\$5,600
Township of Mount Holly	To mechanically dredge Buttonwood Lake to improve water quality, manage stormwater, and expand recreational activities.	Burlington NJ	\$802
Florence Township	For the Install new 1,540 LF of twelve-inch (12") CLDIP water main extension from Potts Mill Road/U.S. Route 130 intersection to the Florence Columbus Road/U.S. Route 130 intersection in Florence, New Jersey.	Burlington NJ	\$784
Township of Burlington	To purchase and install sludge dewatering equipment to increase the percentage of solids in the Township's sludge, saving valuable resources in the disposal thereof.	Burlington NJ	\$3,359
Township of Moorestown	To modernize the headworks at the wastewater treatment plant which will increase removal efficiencies and lower the stresses on subsequent treatment processes, which will enable the treatment plant to operate at peak efficiency, and thereby reduce effluent loadings of the discharge water.	Burlington NJ	\$1,600

Willingboro Municipal Utilities Authority	to plan, permit, design and construct a PFOS treatment system to remove the emerging contaminant, a "forever chemical", and also 1,4-dioxane from the water supplied by Wells 9, 10 and 11. The project will result in high quality drinking water meeting federal primary drinking water standards.	Burlington NJ	\$16,000
Bordentown Sewerage Authority	For construction to modernize and provide premium efficient motors for integral parts of the Bordentown Sewerage Authority's Blacks Creek Wastewater Treatment Plant principally the aerated grit chamber, plant drain pump station and the soda ash chemical feed system.	Burlington; NJ	\$1,803
Medford Lakes Borough	To assist the wastewater treatment facility to deal with hard solids aka rags in the system.	Burlington; NJ	\$400
Township of Moorestown	For the replacement of two existing aged water mains, one of which is nearly 100 years old, the second of which is approximately 60-70 years old, with a new water main.	Burlington; NJ	\$3,200
Berlin Borough	For replacement and upgrade of undersized galvanized water mains in the Berlin Borough Water system.	Camden NJ	\$800
City of Camden	For replacement of Water Valves and Hydrants in the City of Camden to meet NJ WQAA ACT Requirement.	Camden NJ	\$12,800
Borough of Collingswood	For construction of a new water treatment plant to provide safe drinking water and remove "forever chemicals" and other contaminants from water distributed tor residents in Collingswood's service area.	Camden NJ	\$5,926
Borough of Audubon	To increase the tree canopy in Audubon by planning 150 trees throughout town and to add three new monarch butterfly waystations	Camden; NJ	\$48
City of Camden	For Regulator Chamber Tide Gate Replacement at sewer plant.	Camden; NJ	\$2,400
The Mid-Atlantic Center for the Arts, trading as Cape May MAC	To support planning initiatives and capital improvements at Cape May MAC's historic Emlen Physick Estate	Cape May NJ	\$497
Township of Upper	To carry out Engineering, Planning, Permitting and Design work for the introduction of a sanitary sewer system to serve the Beesley's Point and Marmora sections of Upper Township.	Cape May NJ	\$4,080
City of Cape May	To restore the historic Allen AME Church. The 19th century origins of the Allen AME Church are intertwined with Cape May's Black community's struggle for standing and independence in the larger society. The church was the bedrock and place of safety for Black residents to examine and tackle white d	Cape May; NJ	\$500
City of Cape May	To construct the reverse osmosis water treatment facility, providing potable water to residents and businesses in Cape May, Cape May Point, West Cape May, Lower Township, and the local U.S. Coast Guard Facility (TRACENCM).	City of Cape May NJ	\$10,000
City of Garfield	For the renovation of aging drainage infrastructure and culverts in a section of the city that is prone to flooding.	City of Garfield NJ	\$2,435
City of Hackensack	For the installation of new separated storm and sanitary sewers, the rehabilitation of existing sewers where necessary, and the construction of underground stormwater storage facilities.	City of Hackensack NJ	\$775

City of Hoboken	To provide for water metering improvements throughout the City of Hoboken, and improve its capacity to assess and protect local water quality.	City of Hoboken NJ	\$2,300
City of Ventnor	For the replacement of 7,000 linear feet of clay sewer pipe with PVC sanitary sewer pipe and roadway improvements as needed.	City of Ventnor NJ	\$4,000
Township of Downe	To construct a sewer plant and collection system to serve both the villages of Fortescue and Gandy's Beach. This system will replace many failing septic systems that currently operate in this area.	Cumberland NJ	\$4,000
Egg Harbor Township Municipal Utilities Authority	To provide public sanitary sewer service to an area where the existing septic systems have reached their maximum life span and are failing. The failing septic systems are contaminating the groundwater and creating environmental hazards for the residents.	Egg Harbor Township NJ	\$720
Joint Meeting of Union and Essex Counties	Accumulation of fats, oil and grease (FOG) in Primary Settling Tank #1 is preventing the facility from intaking beneficially useful material to be properly processed to produce fuel for the generation of electricity and heat in our existing Cogeneration facility.	Elizabeth NJ	\$800
Township of Belleville	For the replacement of lead service lines.	Essex NJ	\$4,000
Borough of North Caldwell	To address safety hazards posed by frequent watermain breakage and resulting decreased water flow.	Essex NJ	\$755
Township of Montclair	To construct a new 1 million gallon water storage tank and to refurbish our existing 2.5 million gallon water storage tank.	Essex NJ	\$4,560
City of Orange Township	To reactivate its existing Well #5 located within the South Mountain Reservation. Reactivation of Well 5 is necessary for water capacity to service the City of Orange Township's water demand, as Well 5 pumps water from the Orange Reservoir in South Mountain Reservation about 4 miles to Orange.	Essex NJ	\$600
Township of Verona	To remediate two drinking water wells that have been out of use due to contamination.	Essex NJ	\$5,697
Joint Meeting of Union and Essex Counties	The Modernization and Upgrade of Digester elevator to include the use for freight transportation and fats, oil, and grease (FOG) diversion from the shaft will increase the level of the health and safety of employees and the safe and efficient transport of equipment and materials during operations.	Essex Union NJ	\$400
Borough of Clayton	To rehabilitate the Borough's Well #3 which is critical infrastructure for the Borough's drinking water supply.	Gloucester NJ	\$247
Borough of Swedesboro	For the complete replacement of water service lines, consisting of lead, in order to comply with DEP regulations.	Gloucester NJ	\$15,734
City of Woodbury	To reconstruct storm water sewer system infrastructure that has outlived its useful life and is causing a potential public health hazard.	Gloucester; NJ	\$531
City of Hoboken	To replace numerous aging water mains throughout the City of Hoboken, including fire hydrant and lead service line replacements throughout the project area.	Hudson; NJ	\$3,631
Township of North Bergen	To mitigate stormwater and flooding issues in a vulnerable North Bergen neighborhood.	Hudson; NJ	\$2,520
Town of Guttenberg	To address existing issues with the CSO Pipe that floods a major residential complex with a mixture of stormwater and raw sewage.	Hudson; NJ	\$3,079

Borough of High Bridge	For an urgent water main replacement project in the Borough of High Bridge.	Hunterdon NJ	\$3,916
Borough of Carteret	For the installation of an underground stormwater detention system on Louis Street.	Middlesex NJ	\$800
Borough of Carteret	To complete a wide range of improvements to the Borough's sanitary sewer system that will prevent future blockages and replace aging infrastructure.	Middlesex NJ	\$3,200
The Camp Dill Foundation	The project is to construct a septic system and comfort stations that includes holding tanks with piping connected to a leach field. Completion of this project will assure the long-term continuation of Camp Dill, per its property easement agreement with Hunterdon County, to continue as a youth camp	Middlesex Hunterdon NJ	\$100
Borough of Red Bank	For the removal and replacement of lead pipes in the Borough, which pose a health risk and must be replaced. Removing and replacing these pipes will provide clean drinking water to the residents of Red Bank.	Monmouth NJ	\$3,840
Neptune Township	To better manage, reduce, treat, and recapture stormwater drainage that flows into and out of our lakes.	Monmouth NJ	\$11,700
Aberdeen, Township of	To rehabilitate three water storage tanks in Aberdeen Township for drinking water improvements.	Monmouth ; NJ	\$3,216
Borough of Morris Plains	for replacing the 48-year-old Johnson Road sewer pumping station. It is one of three sewer pumping stations in the Borough that support the sewer system by keeping the flow moving.	Morris NJ	\$1,654
Town of Dover	To replace lead service lines in the most high-priority areas of the Town of Dover and the Borough of Victory Gardens within FY2024.	Morris NJ	\$750
Township of Parsippany-Troy Hills	For the replacement of an aging pump station with one that has two pumps and an automatic backup system.	Morris NJ	\$4,000
Borough of Wharton	The project involves the water system improvements to South Main Street and the remediation of the lead pipe in the Borough per DEP Regulations. The project is a valuable use of funds because this will take care of the lead pipe remediation needed to be done in the Borough per DEP Regulations.	Morris NJ	\$8,560
Township of Mount Olive	for retrofitting certain storm drain inlets and for the installation of Manufactured Treatment Devices around the Budd Lake Watershed to improve the water quality of Budd Lake.	Morris; NJ	\$480
Municipality of Princeton	To seal leaking cracks and other defects in the sanitary water mains, which will prevent Infiltration and Inflow (I&I) surface and groundwater from entering the sanitary sewer. Leaking maintenance holes will be made watertight through a combination of chemical grouting and lining.	Municipality of Princeton NJ	\$2,400
Township of Nutley	For the purpose of constructing a water booster pump station.	Nutley Township NJ	\$493
Township of Little Falls	To replace two of the Township of Little Falls' six pumping stations to handle future flow amid proposed development projects and projected increase in severe weather.	Passaic NJ	\$800
Borough of Totowa	To upgrade the Riverview Pump Station in the Borough of Totowa to convey the sewage safely and properly to the Passaic Valley Sewerage Commission, which is a regional treatment facility.	Passaic NJ	\$3,704

Township of Wayne	To rehabilitate Mountain View Pump Station for improved wastewater management.	Passaic NJ	\$2,400
Borough of Pennington	This project is to mitigate the failure of a 100-year-old critical undersized water main line and upgrade one of the borough wells in need of repair and enhanced security. Both of these serve the entire community, including a public school, public library, a senior citizen center, and many Penningto	Pennington NJ	\$1,647
Town of Pequannock	A new water treatment facility will be constructed to remove PFAS contamination from the Township of Pequannock's two primary drinking water supply wells (Well 1 and Well 2). The water treatment facility will include ion exchange treatment units for the removal of PFAS from the drinking water, boos	Pequannock NJ	\$1,500
City of Rahway	The funding will be used to replace as many lead service lines as possible. This next phase of this project will cost \$3 million for the identified lead service lines needs for replacement and will improve drinking water quality within the city.	Rahway NJ	\$3,000
Rocky Hill Borough	The project consists of rehabilitation of the Borough water tower, installation and replacement of water meters and meter reading/billing hardware and software. The project also includes replacement of water service lines and new water main on Princeton Avenue.	Rocky Hill Borough NJ	\$1,840
Borough of Stanhope	The project purpose is primarily for drinking and clean water protection as well as improving fire protection efforts.	Stanhope NJ	\$3,300
Borough of Hopatcong	The purpose of this project is to improve the quality of drinking water by removing galvanized steel service lines, which contain high levels of lead and can be transferred into water passing through it.	Sussex NJ	\$1,457
Sussex Borough	For raising the sewer pumping station above flood level to keep it operational during a storm event.	Sussex NJ	\$600
Sussex Borough	To install a bypass water line around the south bank of the Colesville Reservoir in order to provide the highest quality of water possible. The proposed bypass water line will connect flow from Clove Brook directly to the water transmission main going to the Water Treatment plant.	Sussex Borough NJ	\$806

Township of Union	To construct a new pump station on Liberty Avenue in Union Township. The new pump station will prevent property damage and road flooding.	Union NJ	\$467
Township of Berkeley Heights	To upgrade the Township's Sanitary Sewer Treatment Plant and stormwater drainage infrastructure.	Union NJ	\$18,000
City of Elizabeth	To replace 2,300 known lead services lines throughout the City of Elizabeth, improving health, safety, access and infrastructure.	Union NJ	\$23,000
Musconetcong Watershed Association	For the adaptive re-use of the historic Asbury Mill to construct an elevator and stair tower to provide access to the Interpretive Center for Americans with Disabilities and to meet modern building code requirements for emergency egress.	Warren; NJ	\$500

United States Senate
WASHINGTON, DC 20510

The Honorable Tammy Baldwin
Chair
Senate Appropriations Subcommittee on
Labor, Health and Human Services,
Education and Related Agencies
Room S-128, The Capitol
Washington, D.C. 20515

The Honorable Shelley Moore Capito
Ranking Member
Senate Appropriations Subcommittee on
Labor, Health and Human Services,
Education and Related Agencies
Room S-128, The Capitol
Washington, D.C. 20515

Dear Chairwoman Baldwin and Ranking Member Capito:

I certify that neither I nor my immediate family have any known pecuniary interests in any of the congressionally directed spending items that I have requested in the Fiscal year 2024 Labor, Health and Human Services, Education and Related Agencies Appropriations Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate.

Sincerely,

Cory A. Booker
United States Senator

**Booker, Cory(D-NJ) Labor and Health and Human Services
